Education

•Malaviya National Institute of Technology, Jaipur *2026 – 2028 (Expected)*
M.Tech (Industrial Engineering)

•Tilakdhari Snatkottar Mahavidyalaya, Jaunpur *2023 – 2025*
Master of Science (Mathematics) CGPA: 6.97

•Bhavan's College, Mumbai *2020 – 2023*
Bachelor of Science (B.Sc.) CGPA: 8.27

•Bhavan's College, Mumbai *2020*
Senior Secondary (Class XII) Percentage: 69.54%

•SSSMV School, Mumbai *2018*
Secondary (Class X) Percentage: 86.40%

Experience

•Bureau of Indian Standards (BIS) | Under Faculty Supervision *Sept'26 – Present*
Research Project Coordinator Jaipur

- Conducting industry visits and interacting with company representatives to understand the practical implementation of IS 7300:2003 — Methods of Regression and Correlation.
- Engaging with industry professionals to gather insights into current statistical practices, implementation challenges, and industry requirements.
- Coordinating industry outreach and collecting feedback through questionnaires and direct discussions with company representatives.
- Contributing to gap analysis by comparing existing standard provisions with industry practices to identify potential areas for improvement.

Personal Projects

•India AQI Dashboard | Python, Pandas, Streamlit, Data Visualization
Interactive AQI analysis dashboard [Live Demo] Oct'26

- Cleaned and transformed AQI data (2022–2025) using Python and Pandas to prepare the dataset for analysis.
- Developed and deployed an interactive Streamlit dashboard featuring average AQI, best- and worst-performing areas, and monthly AQI trends.
- Implemented state-level analysis to explore minimum, maximum, and average AQI and identify the best- and worst-performing areas within each state.
- Integrated interactive charts, KPI metrics, data tables, and user selection controls to enable data-driven exploration of air quality trends.

Technical Skills and Interests

Languages: Python, SQL
Developer Tools: VS Code, Jupyter Notebook, Google Colab, Git, GitHub
Cloud/Databases: MySQL, Streamlit Community Cloud
Soft Skills: Communication, Problem-Solving, Teamwork, Research, Stakeholder Management
Coursework:Lean Six Sigma, Work Study, Time Study, Motion Study, Method Study, Operations Research, Quality Management, Statistics, Database Management Systems, Data Analytics
Areas of Interest: Industrial Engineering, Process Improvement, Continuous Improvement, Data Analytics, Statistical Analysis, Quality Engineering, Business Intelligence

Positions of Responsibility

•Team Lead Organized the "Limit Breakers" mathematics competition at Bhavan's College.

Achievements

•GATE 2026 Secured All India Rank 897, placing in the Top 7.76% among 11,561 candidates nationwide.

•IIT JAM 2023 Successfully qualified IIT JAM 2023.
